

ENZYME SCIENCE INTOLERANCE COMPLEX 90T

Are you Lactose or Gluten Intolerant?

- Support for multiple food intolerances
- Digestion of Gluten, Dairy, Casein and Phenol

Identifying the particular foods or food groups that cause sensitivity is a primary goal for addressing intolerance. Food intolerance typically manifests in the digestive tract as occasional diarrhea, cramping, bloating, gas or upset stomach. In contrast to food allergies, the symptoms of food intolerance are often delayed up to several hours. This enzyme formula supports digestion of gluten, Dairy, Casein and Phenol.

Recommended Usage:

1-2 capsules per meal with the first bite of food.

Ingredients:

DPP-IV 2,000 DPPU
Xylanase 30,000 XU
Protease Thera-blend 140,000 HUT
Amylase Thera-blend 14,000 DU
Alpha Galactosidase 1,200 GalU
ATPro Blend 155mg (ATP, Magnesium Citrate, Alpha Lipoic Acid, CoQ10)
Glucoamylase 40 AGU
Lactase 3,000 ALU
Maltase 200DP
Lipase Thera-blend 800 FCCFIP
Cellulase Thera-blend 400 CU
Invertase 150 SU
Pectinase w/Phytase 50 Endo-PGU
Hemicellulase 50 HCU

Non-Medicinal Ingredients:
