

PRODUCT INFORMATION

Vitamin & Minerals

A-MULSION (30ML)

Ingredients:

- Vitamin A

3000 mcg RAE/10000 IU
per drop

Non-Medicinal Ingredients:

A-Mulsion Liquid provides an excellent source of naturally-emulsified vitamin A for maximum absorption and utilization, and to help counter damage caused by free radicals and oxidative stress.

A-mulsion liquid is indicated for skin conditions, including eczema, psoriasis and acne and for night-blindness and myopia; promotes resistance to disease and assists with the prevention of degenerative condition, such as arthritis and premature aging.
