

# PRODUCT INFORMATION

## Vitamins & Minerals

### CARBONYL IRON 90VCAP

**Iron** provides an excellent source of this mineral for maximum absorption and utilization, and to assist with the synthesis of red blood cells. Studies show that stress, ulcers, hemorrhoids, intestinal parasites and cancer are associated with iron deficiency and hepatic insufficiency. Iron deficiency results in suppressed immunity and increased instances of infections and chronic degenerative disease. Adequate hepatic function is crucial for digestion, metabolism and detoxification. This formula is indicated for anemia, fatty degeneration of the liver, high cholesterol and fatigue; increases the body's resistance to stress; and aids in respiratory action. The capsules are 100% pure vegetable-sourced. **Product ideal for vegans.**

**Recommended Dosage:** Take 1 capsule daily with a meal, a few hours before or after taking other medications, or as recommended by your practitioner.

(Seroyal/Genestra products are only available through a licensed health care professional.)

**Ingredients:**

*EACH CAPSULE CONTAINS:*

*Iron (carbonyl iron) . . . . . 40 mg*
